

Your  
**Professional  
Learning Solution**

Mrs Primary Science!

Mrs Primary Science (A.K.A Maddison Lewis) is passionate about teaching Science in a way that is creative and exciting for her students. Her course, The Missing Mastery in Science, is her way of sharing her love of Science with other enthusiastic practitioners to develop imaginative Science lessons that children will remember.

## Mrs Primary Science

### The Missing Mastery in Science.

Adding creativity, excitement and passion  
back into teaching Science.

I'm unsure  
what mastery  
in Science  
looks like?

Does  
teaching  
Science fill  
you with  
dread?

If the answer to any of these questions is yes, then **Mrs Primary Science's** course is perfect for you!

Do you find  
planning  
imaginative  
Science  
lessons  
difficult?

Do you find  
teaching  
Science boring?
